## OFFICIAL ALIENS ATE MY BABY SITTER! HINT SHEET

Welcome! This sheet will give you some tips on playing *Aliens Ate My Baby Sitter!*, including specific hints for the difficult parts of each level.

### GENERAL HINTS

• By all the switches are signs indicating which way they should be flipped to finish the level:

"U" for up

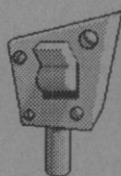

"D" for down

This is *very* helpful in Bloogfoods.

- Some Blooglets hold Keygems.
- If you are really stuck on a level, press the letters B, A, and T all at once to receive all necessary items.

### LEVEL SECRETS

WARNING: The following text describes secrets of the levels. If you wish to find them on your own, read no further!

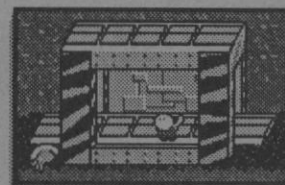

#### BLOOGWATERS RIVER

- Flipping the switch makes a platform travel near the trees on the right side of the level. Ride it all the way to the left for a free Keen.
- There are two guns hidden in the left edge of the tall earth pillar just before the switch. On the way back, stick your toes out carefully, then jump.

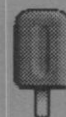

- There's lots of stuff behind the tops of the trees.

#### GUARD POST ONE

- Flipping the switch at the end of the level lets you get to the stuff on top of the Guard Post.

#### THE FIRST DOME OF DARKNESS

- There's lots of hidden stuff after the long platform ride in the lower area. Jump up between the two ice cream bars.

#### THE SECOND DOME OF DARKNESS

- Here's a *very* hidden area. Jump up on the outside of the dome and try pogo jumping toward the right wall (a bit higher than the second pair of sodas). Turn off pogo before hitting wall.
- When getting the red gem, just let the gray block push you off the platform.

#### THE BLOOGDOME

- Keep in mind, this level is optional.
- Stand by an edge, shoot a Nospike, let it run at you, and jump out of the way. If something special happens, you did it right.
- The lower part of the bottom section nets a lot less points.

## BLOOGTON MANUFACTURING

- Remember that there's a yellow gem on the bottom of the level on the left. Flipping a switch on top starts a platform that allows you to get that and the Queen Viva on the right.

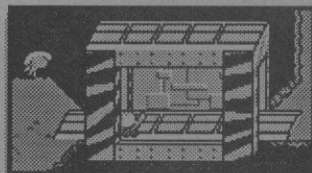

## BLOOGTON TOWER

- To get the green gem to the left on the ground floor, flip a switch on the upper left of the level, releasing a platform that allows you to get the gem.
- There's a lot of guns hidden in the left side of the tall blue central metal structure.

## BLOOGFOODS, INC.

- A later switch starts a platform so you can get the Root Beer Floats that are against the ceiling.

## GUARD POST TWO

- Climb up the tree and go up first for extra stuff.
- Fall down the chasm at the start and pull left for some stuff.
- Pull to the right as you jump into the end chasm for more stuff.

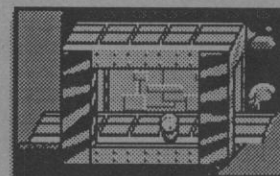

## BLOOGVILLE

- Make sure to jump against walls.

## BLOOG AERONAUTICS AND SPACE ADMINISTRATION

- If a Fleex is chasing you, stop moving. If they can't hear you, they'll lift their glasses to look for you, and you can run farther away.
- Ride the gik's back to get the treats over the the glowing green goo. Then close the bridge.

## GUARD POST THREE

- There's lots of hidden stuff in the chasm at the end of the level.
- When you get through the first bridge, there are four free Keens in a hidden area to the right of the bottom of the chasm.

## BLOOGBASE RECREATIONAL DISTRICT

- Jump on the Bip Pilots after you shoot their Bipships.
- Jump to right when riding the platform on the far left of the level. You'll be walking on air!

## BLOOGBASE MANAGEMENT DISTRICT

- Fall down at the start over the nuke rods, and land on the barely visible ledge. Jump up and to the right, and you'll find stuff.
- There's another ledge in the pit under the platform with the laser firing over it.
- Another ledge near the end lets you get a slice of pizza.
- Switch in the lower area at the end starts a platform near the start that lets you get a whole lot of stuff.

## BLOOG CONTROL CENTER

- You need four gems to get Molly. Four Blooglets hold the gems. Look down after the first platform ride.
- In the two chambers of four doors, note the Blooglets above are different colors. There are a different number of ice cream bars above the correct doors to enter.
- Beware of the Sneakplat—it's by the purple hands below the spinning red platform room. Jump up to trick it, then jump onto it as it comes back.
- One of the red Blooglets holds the fourth gem.

## SUPER SECRETS: THE BEAN-WITH- BACON MEGAROCKET

- If you have less than five shots, return to the Megarocket for a five free shots.
- Yes, there's a secret area here. Try and find it. And there's even more secret stuff, too—look for a pie in the sky.

## SUPER SECRETS: BLOOGLAB

- Here's the secret level! Try and find it!
- The Standard Galactic Alphabet is hidden somewhere in this level.

## PROBLEM PLACES ON FRIBBULUS XAX

### CLIFF NOTES

- To get to the top of the cliff, you need to find an object in the First Dome of Darkness.

### THE GRABBITER

- To get past the nasty Grabbiter, you need to find something in Bloogfoods, Inc.

### THE BLOOGSTAR ROCKET

- The keycard to the rocket is in Bloogton Towers.
